During the past year it has been my privilege to serve in the capacity of advisor to Mr. Mathew Bayley of Fighting Chance, Inc. I have had the opportunity to observe and evaluate his safety and assault prevention classes for both children and adults.

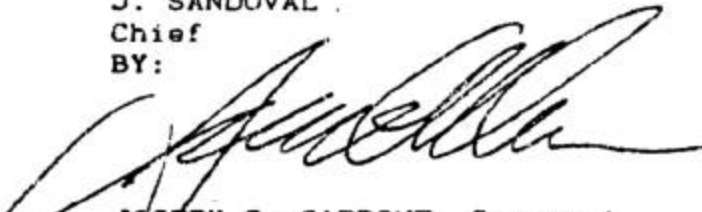

Mr. Bayley possesses a talent for imparting self-esteem as well as knowledge and skill to his program participants. His teaching methods adapt to the age and expertise of his audience and he appears equally at ease with pre-school children and adults.

Mr. Bayley is a talented self defense instructor with many years of experience. In recent years he has become equally skilled as a child abuse and assault prevention specialist. He has spent many hours with acknowledged experts in the field and studying the scope of the problem in an effort to become as informed as possible.

As the California State Police Crime Prevention Coordinator for Southern California, I have taken part in many assault prevention trainings. In my opinion, Mr. Bayley is one of the most talented and concerned instructors I have had the opportunity to observe. I would not hesitate to recommend his trainings for students of any age.

If I can be of further assistance please do not hesitate to contact me.
