As the Executive Director of the Exchange Club Child Abuse Prevention Center, operating throughout Los Angeles County, it has been my pleasure to work closely with Mathew Bayley for the past five years.

During those years I have been impressed with the level of knowledge and expertise that Mr. Bayley has brought to the field of child safety and assault prevention. I have personally observed his programs, his interaction with his young students, and his obvious commitment to his subject.

Mr. Bayley has a very special touch when working with children and shows infinite patience and understanding. He commands respect while still managing to impart information in an enjoyable and entertaining manner.

I have had the opportunity to observe and evaluate many child abuse prevention and safety courses during my ten years experience in the field. Mr. Bayley is, by far, the finest instructor of young people with whom I have come in contact.

I believe that he would be an asset to any program designed to teach children empowerment, rights, safety, and assault prevention. He is talented, innovative, and enthusiastic.

If I can provide any further information on this very remarkable man, please do not hesitate to contact me.

Thank you.

Sincerely,

Toni Sarcinella
Executive Director
