January 31, 1991

To Whom It May Concern:

I am pleased to write a reference for Mathew Bayley. Eight years ago, a cooperative program was started with Girl Scouts-Wagon Wheel Council and Fighting Chance. The program (Teen Alert) includes building self confidence, responsibility, and self defense tactics.

When I came into my position, the feedback and information I received clearly exemplified the outstanding program that he does for the girls. The philosophies of empowering girls to avoid and deal with risky situations are soundly-based. In addition, Mathew works well with the scheduling, coordination, and follow-up of the programs.

During this past year, we have also expanded the program to include two new programs, Be Safe (for Brownies, 1st-3rd grade) and Junior Awareness (for Juniors, 4th-6th grade). These progressive programs have also been well-received.

Feel free to contact me if you need additional information. I highly recommend the programs he does for the youth - they are absolutely exceptional.

Sincerely,

*Wynne Whyman*
