

TO WHOM IT MAY CONCERN

For the past five years I have been working with and hiring Mathew Bailey to do seminars or training sessions for instructors, aerobic teachers, and the general public of U S Swim & Fitness. In my experiences, Mathew has had the utmost of integrity. He has the ability to present an oftentimes threatening subject in a very positive and lighthearted vein so the students can learn the most and gain the most substance from this material. His public speaking and presentation style is both engrossing and entertaining. Whether you would be hiring Mathew to do an hour or 2-hour workshop or for an all-day seminar, I feel confident that you will not be disappointed nor will your public.

Sincerely,

Karen M. Herber
Director of Aerobic Training & Development
