June 1, 1999

To: Whom it may Concern

I have known Master Mathew Bayley since March of 1997 when I began advanced training with him at his school, Fighting Chance Elite Martial Arts in Vail, Colorado. I made my choice of instructors under which to receive advanced training based on experience and knowledge in the areas I placed importance, primarily joint locks, weapons, and practical knowledge of the Chinese and Japanese martial arts. Since I have known him, I have found him to be a man of his word, and excellent roll model for children, and a mentor to all those who train under him. I have attached my martial arts resume for a summary of my background. I am currently a senior staff instructor at American Black Belt Academy in Houston, Texas and a Lieutenant in the Harris County Sheriff's Department currently assigned as Watch Commander of the Marine Division.

Sincerely,

Scott Holman III
