We  Your Kids!
Isn't That What Really Counts!

To Whom It May Concern,

We have been taking children to Fighting Chance for Karate instructions from Mathew Bayley since April 1987. The results have been amazing. Children who had a very negative impression of themselves were astounded by their own accomplishments. We heard, "Look what I can do!" instead of "I can't".

Mathew knows each child individually and works to help each child feel a sense of accomplishment over reaching even the smallest goal.

When observing the classes, you can feel the positive attitude in Mathew and in the children.

As an instructor Mathew is consistent in his teaching and in the control techniques. He is firm yet friendly and warm, the children know what to expect.

My only concern is that more of our parents don't take advantage of this program that is made available for their children.

Sincerely,

Jerri Miller
