To Whom It May Concern:

Matt Bailey has done extensive work at Carmel Middle School with his program entitled "Teen Alert". Matt established a positive rapport with students, parents and staff. He has a unique sense that determines the best ways to work with individuals and groups.

Mr. Bailey handled his responsibilities in a professional manner and he provided more than the basic program. I would not hesitate in recommending Mr. Bailey to work with young people and schools. His program and training is vital in helping young people gain confidence and improve self-esteem.

Sincerely,

Richard L. Price
Principal
