To Whom It May Concern:

As part of our Drug Awareness Program, Stratmoor Hills Elementary elicited the services of Mathew Bayley. We felt a major concern of most children is the fact that they feel helpless. Through Mathew Bayley's program, our fourth and fifth grade girls were given the opportunity to develop a more positive image of their potential strengths. The program encouraged our girls to understand what power they had and showed them how to use this new energy. Our students completed the program feeling they had some control over their lives and the ability to determine part of their future.

We would hope to continue our association with the Fighting Chance Program and Mathew Bayley as instructor.

Sincerely,

Margaret Bone-Hartzler
Counselor
